Title 1- Part A

Program Description: Title I is a 100% Federally funded supplemental education program that provides financial assistance to local educational agencies to improve educational opportunities for educationally deprived children. Title I programs are designed to help children meet the state content and performance standards in reading, language arts, and mathematics. In buildings with 40% or more poverty, LEAs may use the funds to upgrade the entire curriculum of the school and are Schoolwide Programs. In buildings with less than 40% poverty, programs are designed to help specific children and are targeted assisted programs. LEAs and schools are subject to consequences of school choice and supplemental education services if they do not meet adequate yearly progress as determined by the SEA.
