The school will ensure that each child of a homeless individual and each homeless youth have equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youth. Homeless students may reside in shelters, hotels, motels, cars, tents or be temporarily doubled-up with a resident family because of lack of housing. In case of homeless students, traditional concepts of "residence" and "domicile" do not apply. Homeless children and youth lack a fixed, regular, and adequate nighttime residence. Included within the definition of homeless children and youth are those who are "awaiting foster care placement" and "unaccompanied homeless youth."

Unaccompanied homeless youth may enroll without documents and without the help of an adult. Unaccompanied homeless youth includes any child who is "not in the physical custody of a parent or guardian." Falling within this definition are those students who ran away from home, been thrown out of their home, or been abandoned or separated from their parents or guardian. Youth awaiting foster care placement include those who are placed in an emergency, interim or respite foster care; kinship care; evaluation or diagnostic centers or placements for the sole purpose of evaluation.

When necessary, the school administration will consult with the respective county children and youth agencies to determine if a child meets the definition of "awaiting foster care placement", including, on a case-by-case basis, whether a child who does not clearly fall into one of these categories is nevertheless a child "awaiting foster care placement." Homeless youth are entitled to immediate enrollments, if a space exists pursuant to the Admissions/Lottery Policy and their families are not required to prove residency regarding school enrollment. These students are considered residents of the district where they are presently residing, or continue their education in the district of prior attendance.

Submitting Enrollment Complaints to the Department of Education

When a dispute arises regarding enrollment of a student, the person attempting to enroll the child or the school may bring the dispute to the attention of the Department's School Services Unit. A complaint may be filed by mail (333 Market St. Harrisburg, PA 17126), email, or by phone with written follow up. After receipt of a complaint, a Department representative will contact the school, family or other involved parties to ascertain the facts, determine whether the child is entitled to enrollment at the school, and attempt to resolve the problem. These contacts, whenever possible, will occur within five (5) days of receipt of the complaint. If the complaint is not amicably resolved, a written determination will be made and sent to the school and the individual who filed the complaint. If the school does not enroll the student within five (5) school days after receiving the written determination and space exists pursuant to the school's Admission/Lottery Policy, the Department will issue a letter to the school requesting its position on the matter. The school will have five (5) school days to respond to the request. If the school refuses to enroll the student or does not respond, the matter will be forwarded to the Department's Office of Chief Counsel (OCC). The OCC and the Deputy Secretary for Elementary/Secondary Education will determine if the school's response is valid to deny enrollment. If not, the Deputy Secretary will determine what additional measures may be necessary to assure enrollment.

Code of Conduct

Inspiring a Love of Learning

All members of the Gettysburg Montessori Charter School (GMCS) community are responsible for fostering and protecting a peaceful and secure learning environment and for following this code of conduct, including:

- Students
- Caregivers
- Volunteers
- Administrators

- Parents
- Visitors
- Teachers
- Staff

OUR SCHOOL COMMUNITY AND A SAFE ENVIRONMENT

Dr. Maria Montessori believed strongly in the contributions that the child could make to humanity. She believed that in order to create peace, you must start with the child. One purpose of our school is to encourage our students to become good citizens within the framework of our educational community. We are committed to supporting children in becoming healthy, responsible, and productive members of society.

A safe and courteous environment is at the very core of a healthy learning environment. We promote an atmosphere that embraces our differences, encourages compassion, and honors the potential in every student. Dr. Montessori integrated a code of conduct into her curriculum emphasizing grace and courtesy to promote knowledge of appropriate social interactions and peaceful relationships. Behavior in a Montessori classroom is no different than in our homes or the social community. Therefore, we expect all members of our community to support the philosophy of grace and courtesy by following these three primary tenets:

- Respect and care for ourselves
- 2. Respect and care for others
- 3. Respect and care for our environment

Every student at GMCS has a right to learn and thrive in a school atmosphere that is conducive to academic achievement and social growth. The code of conduct has been established to support the academic and personal development of GMCS students and to protect the people, property, and rules that support GMCS. All GMCS community members will be held responsible for their own work and actions, and they are expected to conduct themselves in a safe and respectful manner and to abide by the rules and regulations set forth by the school. Steps to maintain an orderly and safe environment, to demonstrate mutual respect and caring for one another, and to ensure that all children have the support that they need are taken on a daily basis. Our students are at the heart of the GMCS community, and our guidelines for behavior encourage a spirit of harmony in our school.

STUDENTS: A detailed description of our expectation for student behavior and the various levels of misconduct, along with the corresponding consequences, can be found in the Student-Parent Handbook.

PARENTS/GUARDIANS AND CAREGIVERS: GMCS parents/guardians and caregivers play a crucial role in the success of their child(ren). Parents and caregivers are responsible for reading and abiding by the Student-Parent Handbook.

TEACHERS, STAFF, ADMINISTRATORS, VISITORS AND VOLUNTEERS: Students learn to be good adults by being around good adults. All teachers, staff, administrators, visitors, and volunteers at GMCS are expected to set the example for students by aligning their actions with the values identified in this code of conduct. The expectations outlined herein are in addition to any and all requirements that may be applicable to an individual, including but not limited to state, federal, or local regulations or programmatic requirements.

RESPECT AND CARE FOR OURSELVES

There are many ways to respect and care for ourselves. Some important examples include regular attendance; being on time; coming to school prepared and ready to learn; having a positive attitude; listening with our eyes, ears, and heart; giving our best effort at all times; and doing our best work.

Parents help fulfill this responsibility when they ensure their child's daily attendance and punctuality; help their child be neat, appropriately dressed, and prepared for school; provide their child with the time and resources they need to complete assignments; show an active interest in their child's progress; communicate with their child's teacher and the administration; and encourage and assist their child with healthy social skills.

RESPECT AND CARE FOR OTHERS

Starting in kindergarten, GMCS instructs students in the Montessori philosophy of grace and courtesy. Examples include good manners, peaceful communication, helping others, accepting our differences, and respecting physical boundaries. Everyone has a personal responsibility for reducing the risk of violence within our school, and any behavior by a student that threatens to disrupt the learning process or pose a danger to others is unacceptable. The code of conduct is based on the principle that GMCS students will choose to conduct themselves in an appropriate manner. However, there are consequences for students on any occasions that they do not.

RESPECT AND CARE FOR OUR ENVIRONMENT

Just as it takes an entire family to care for a home, all members of our community are vital in maintaining our school building and grounds. All persons are expected to show the same respect and care for school property as they do in nurturing individual relationships. This includes taking care of classroom materials, maintaining a neat and orderly classroom, remembering good manners while eating meals, cleaning up after eating, and reducing waste and recycling.

The recordings will only be shared within the school setting for students unable to attend the virtual classroom activity in real-time. Video recordings will be available for download so that Charter School students may access said recordings during remote learning, but such use will be limited to GMCS students only. GMCS students can view them online or offline in coordination with their daily instruction. Any use of said virtual academic content outside of the instructor or administrator approved use, such as uploading or sharing of said video content to a third-party website, personal website, or a social media account is strictly prohibited. This prohibition also extends to sharing such recordings to non-Charter School students.
The recordings will be stored, accessed, and disposed of in accordance with the guidelines established by the GMCS Chief Administrative Officer. If you have questions or need assistance with virtual classroom activities, please contact your child's instructor.
I hereby consent to the Charter School's collection, use, and/or disclosure of information about my child through video conferencing and recording applications and other manual and/or electronic procedures utilized within course instruction. I understand that my child is participating in a virtual academic setting, and that the information collected is a part of the remote classroom experience currently being utilized. This consent form covers all forms of remote learning courses. The information supplied to the instructor and/or GMCS is meant solely for educational and class related use.
By signing below, I acknowledge that my child's name, image, likeness, speech, their typed or written content, as well as their grade and course information may be transmitted during video portions of remote learning and online instruction.

Assumption of Risk and Waiver of Liability Relating to COVID-19

The novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. COVID-19 is extremely contagious and is believed to spread mainly from person-to-person contact. However, there remain many unknowns about COVID-19, how it spreads, and its impact on a student.

By signing this agreement, I acknowledge the contagious nature of COVID-19 and voluntarily assume the risk that my child(ren) and I may be exposed to or infected by COVID-19 by attending the Gettysburg Montessori Charter School (GMCS) campus and that such exposure or infection may result in severe illness, permanent disability, and death. I understand that the risk of becoming exposed to or infected by COVID-19 at the GMCS campus may result from the actions, omissions, or negligence of myself and others, including, but not limited to, GMCS employees, contractors, volunteers, and program participants and their families.

I voluntarily agree to assume all of the foregoing risks and accept sole responsibility for any injury to my child(ren) or myself (including, but not limited to, personal injury, disability, and death), illness, damage, loss, claim, liability, or expense, of any kind, that I or my child(ren) may experience or incur in connection with my child(ren)'s attendance at GMCS or participation in GMCS programming ("Claims"). On my behalf, and on behalf of my child(ren), I hereby release, covenant not to sue, discharge, and hold harmless GMCS, its Board of Trustees, employees, agents, and representatives, of and from the Claims, including all liabilities, claims, actions, damages, costs or expenses of any kind arising out of or relating thereto. I understand and agree that this release includes any Claims based on the actions, omissions, or negligence of GMCS, its employees, contractors, agents, and representatives, whether a COVID-19 infection occurs before, during, or after participation in any GMCS programs.

Please fill out this form separately for each student you have participating attending GMCS.

Remote Learning Notice and Confidentiality Agreement

Introduction

If the Gettysburg Montessori Charter School ("GMCS") has closed in compliance with executive orders issued by the Commonwealth of Pennsylvania to institute a public health-related closure, or Flexible instructional days, GMCS will utilize online educational services that will allow students (and their parents/guardians) to log in and access class instruction/materials from home. Some forms of online educational services may entail interactive student participation which could give rise to disclosure and/or sharing of students' personal identifying information. It is therefore necessary for parents/guardians of GMCS students to be aware of 1) their child's participation in on-line learning, and 2) their role in protecting student information. Parents/guardians must agree to a strict confidentiality protocol when accessing online instruction services.

GMCS Responsibilities

- GMCS uses a teacher's email address to set up accounts for each child in the classroom. GMCS may need to provide the online service with the first and last name of your child. GMCS will make every attempt to substitute another identifier rather than your child's name, and will not disclose your child's date of birth, address, or other personal information.
- GMCS does not subscribe to on-line educational programs that use your child's information for any purposes beyond the educational purpose of the program.
- GMCS does not subscribe to on-line educational programs that share, sell or market your child's information to third parties.
- GMCS will inform parents/guardians of the online educational programs being used with GMCS students. At this time, the online educational programs used with GMCS students are:

Parent/Guardian Responsibilities

- A parent/guardian of a Charter School student who implements or otherwise accesses online education learning activities agrees not to use, reproduce, display, record, or distribute images or personally identifiable information of any other student in any form for any purpose whatsoever.
- If a supervising adult other than a student's parent(s)/guardian(s) is responsible to implement or otherwise access online education learning activities for a Charter School student, the parent/guardian of that student shall inform the supervising adult of this confidentiality agreement and obtain their consent to abide by this agreement.

If my student participates in online education activities I agree to waive any claim against Charter School of alleged violations of confidentiality under federal and state laws arising out of such activities.

Personally identifiable information for education records is a legal term referring to identifiable information that is maintained in education records and includes direct identifiers, such as a student's name or

identification number, indirect identifiers, such as a student's date of birth, or other information which can be used to distinguish or trace an individual's identity either directly or indirectly through linkages with other information.
