@SGSchoolNews

February 2026

Dear Parent/Guardian:

This letter is a reminder/clarification of weather-related transportation changes for your students who are transported by the Spring Grove Area School District. During inclement weather, your students will follow the Spring Grove Area School District.

- If Spring Grove is closed, **NO** transportation will be provided to any private/non-public and charter schools.
- If there is a two-hour delay announced, this applies to **ALL** students. We ask that you communicate with our office if your child does **NOT** need transportation on these days.

The Superintendent makes every effort to announce these decisions by 6:00 a.m. through the following outlets: social media, our website [www.sgasd.org](http://www.sgasd.org), radio, tv, and automated calls.

In the event of an early dismissal, all private/non-public and charter students will follow the Spring Grove dismissal times. Please be prepared and plan accordingly. If we dismiss our students at 1:00, we will follow this same schedule with your students. We will try to communicate with everyone as early as possible through the same methods listed above.

Any questions, please do not hesitate to contact our office at 717-225-4731 ext. 3024.

Regards,

Kristen Pepperman  
Transportation Coordinator
